WHATS INVOLVED

- ATTEND A BASIC WORKSHOP
- JUMP ON THE COURT WITH A SENIOR REFEREE
- WE'LL GET YOU SET UP ON A GAME WITH SOME JUNIORS WHEN YOU ARE READY!

As the number of games continues to increase, we find ourselves in need of more qualified referees. However, training beginners takes time, and this is where you can make a significant impact. Your years of officiating have honed your skills, and your knowledge of the game is invaluable.

Returning to the court will not only bolster our officiating team but also ensure that the quality of the games remains high. Mentoring and guiding new officials will fast-track their development, instilling confidence and competence.

Join us in this rewarding endeavour, and let's create a strong officiating community that ensures fair play and sportsmanship for all.

Even one game a week will nurture and support the younger officials as they move into senior games.
